

NEW

LIBBEY®

1924

1924 from Libbey is a vintage stemware range that fuses jazz-age flair with exciting new cocktail trends. The design is based on the Glassology® concept by Richard Zijlstra who designed a food pairing concept which dates back to 1924. These new mini additions gives your beverage menu the flexibility to offer small capacities. Sometimes is not the quantity but the quality people are looking for.

Cheers to old and new habits
