

Royal Leerdam is one of the largest glassware manufacturers within Europe, manufacturing since 1765.

They have two operations based in Leerdam (The Netherlands) and Marinha Grande (Portugal), producing for a worldwide customer base.

At Royal Leerdam the staff are dedicated to creating glassware in the most sustainable way, by collecting and re-using the glass in the factory so that each new glass starts with 20% to 50% of pre-consumer recycled glass.

The brand offers a versatile collection of wine glasses, tumblers, cocktail glasses and presentation pieces.
